

**AGREEMENT BETWEEN
THE CITADEL GRADUATE COLLEGE AND
OCONEE FALL LINE TECHNICAL COLLEGE**

Leading to a Bachelor of Science in Business Administration

I. INTRODUCTION

This agreement establishes a formal academic transfer mechanism between Oconee Fall Line Technical College and The Citadel. Its purpose is to promote and facilitate the transfer of academic credit for specified courses taken by students while enrolled at Oconee Fall Line Technical College who desire to enter into the baccalaureate degree program in Business Administration offered by The Citadel through its School of Business and The Citadel's Evening Undergraduate Studies program, a division of The Citadel Graduate College.

II. TERMS OF THE AGREEMENT

Under the terms of this agreement, Oconee Fall Line Technical College agrees to join with The Citadel to provide for enhanced educational opportunities for their students. This agreement will enable academically qualified students to pursue a Bachelor of Science degree in Business Administration in conjunction with the completion of their studies at Oconee Fall Line Technical College. Oconee Fall Line Technical College agrees to offer courses that are academically equivalent to the lower division requirements (i.e. freshman and sophomore levels) of The Citadel's Business Administration degree offered through the Evening Undergraduate Studies program. The offering of courses is subject to the proviso that such course offerings can be economically justified through sufficient student enrollment at each of the respective institutions.

The Citadel's School of Business agrees that whenever any of the courses listed on the enclosed Attachment are taught at Oconee Fall Line Technical College by suitably qualified faculty members, such courses shall be adjudged as being academically equivalent to the corresponding component courses contained in the first two years of the business administration curricula taught at The Citadel (i.e. its lower division requirements).

This agreement shall become effective on the first day of the Summer 2018 semester. It shall be jointly reviewed annually by representatives of each institution prior to the anniversary date of the agreement. The review shall be conducted by each institution's respective deans or their designees. Continuing coordination between annual reviews shall be encouraged.

The purpose of the annual review shall be to ensure that the academic content and quality of all courses offered by Oconee Fall Line Technical College are comparable to the corresponding courses regularly offered by The Citadel. These include not only those specifically taught by the School of Business but also those taught by supporting departments at The Citadel.

The Bachelor of Science degree program offered by The Citadel School of Business is accredited by the Association to Advance Collegiate Schools of Business (AACSB International). Comprehensive periodic reviews specified herein are essential in maintaining AACSB International accreditation for the business administration programs.

III. DUTIES & RESPONSIBILITIES

Oconee Fall Line Technical College agrees that faculty teaching those courses which are part of this transfer agreement will have completed at least eighteen graduate semester hours in the teaching discipline and hold at least a master's degree.

The Citadel agrees that students enrolled in good standing at Oconee Fall Line Technical College, who have a GPR of at least 2.0 and no grade less than "C," and who are not otherwise ineligible to attend The Citadel for disciplinary or behavioral reasons, are assured of acceptance into the degree completion program offered by The Citadel School of Business.

When a student is approved by their advisor to begin taking courses at The Citadel, they may request that Oconee Fall Line Technical College issue an official copy of their transcript to The Citadel's Graduate College. Upon receipt and evaluation of this official transcript, the student may then complete the application to The Citadel's Bachelor of Science in Business Administration and begin taking evening classes.

The Citadel will accept the application and official transcript and will grant transfer credit for those courses shown in the enclosed Attachment. If the student has credits for courses which are not part of this agreement, but for which the student wishes to be granted transfer credit, an application for transfer credit for those courses must be made to The Citadel. This application will be evaluated based on the transcript(s) from the institution(s) at which the courses were originally taken.

Students who have not completed all the courses outlined in this agreement may make an individual application to The Citadel Graduate College. In these cases, the application will be evaluated and transfer credit granted based on the transcript(s) from the institution(s) at which courses were originally taken and according to transfer credit policies in effect at the time. Both colleges will encourage and promote completion of the associate degree prior to transfer.

Courses completed at The Citadel may be used within graduation guidelines for Oconee Fall Line Technical College to complete reverse transfer and award of certificates, diplomas, and degrees from Oconee Fall Line Technical College. Both institutions agree to share transfer data and student success data to be used in joint assessment activities and agreement evaluation processes.

The Citadel's Graduate College and Registrar's Office and Oconee Fall Line Technical College's Office of Student Records will maintain communication to promote seamless reverse transfer.

Oconee Fall Line Technical College shall designate appropriate members of its faculty as student advisors to counsel and assist students enrolled in the program for eventual transfer to The Citadel. The Dean of the School of Business at The Citadel or his or her designee shall assist and cooperate in the advisement process as required to ensure close liaison with Oconee Fall Line Technical College.

IV. TERMINATION

Either institution may terminate its participation in this agreement by submitting written notification to the other institution at least three months prior to termination, but subject to the proviso that such termination shall not become effective until the end of the then current academic semester at the terminating member's institution. Students currently enrolled will be given up to four academic years to complete their program of study.

V. ADMENDMENTS TO THIS AGREEMENT

The Citadel and Oconee Fall Line Technical College agree that this agreement constitutes the sole, full and complete agreement between these institutions. No amendments, changes, additions, deletions, or modifications to or of this agreement shall be valid unless reduced to writing, signed by each institution's representative, and attached to this document.
