2024-2025 Federal Work Study Application (PART-TIME EMPLOYMENT)

Thank you for your interest in the Federal Work Study (FWS) program at Oconee Fall Line Technical College. Federal Work Study is a federal financial aid program that provides part-time job opportunities for eligible students to earn money to help pay educational expenses.

To apply for FWS employment, please complete the attached application. Please be aware that your Work Study application will not be processed until you have completed the 2024-2025 FAFSA - Free Application for Federal Student Aid (Pell). To qualify for Work Study, you must be **Pell-eligible** and enrolled in a Pell-eligible program of study, enrolled in at least **6 credit hours each semester**, and maintaining **Satisfactory Academic Progress**.

Federal Work Study students are paid on a **monthly basis** at a rate of **\$9.00 per hour**. Students may work up to **19.5 hours each week**. When assigning work hours, your financial aid administrator will consider your financial award amount, your class schedule, and your academic progress. Work Study positions are filled depending on availability of jobs and funding and are not guaranteed from semester to semester. Positions are primarily on campus, but there may be some off-campus jobs, typically in a local school system or with a local community service group. You may be required to interview with potential supervisors, and applicants' skills, qualifications and experience may be considered during the hiring process. A position may not be available in your preferred area or department. Although we try to employ as many Work Study students as possible, **completing this FWS application does not guarantee you will receive a job**.

Applicants are required to complete employment and tax forms as well as a criminal background check before beginning work. Oconee Fall Line Technical College does not discriminate on the basis of race, color, creed, national or ethnic origin, gender, religion, disability, age, veteran status, or citizenship status (except in those specific circumstances permitted or mandated by law).

If you are hired as a Federal Work Study student employee, you are expected to come to work on time, call your supervisor if unable to work, present yourself in a professional manner, not study or do school work on the job, and complete tasks in a timely manner. Failure to adhere to policies may cause loss of your Federal Work Study job.
