### To Apply:

Applicant can apply online at <https://jobs.kochcareers.com/> For assistance or more information, please contact Saketta Brown, OFTC Career Services, [sdbrown@oftc.edu](mailto:sdbrown@oftc.edu).

### Essential Duties:

- Performing a variety of reliability and maintenance tasks on heavy machinery in a manufacturing environment
- Performing preventive and corrective maintenance in accordance with the facility's preventative maintenance schedule
- Adhering to all plant safety guidelines, policies, and procedures

- Working with operations associates to identify opportunities for improvement and prioritize maintenance needs
- Working in a hot, humid, cold, and noisy industrial environment
- Performing tasks such as lifting, walking, climbing, stooping, standing, pushing, and/or pulling for up to twelve (12) hours a day
- Willing to work any shifts (including nights), holidays, weekends, and overtime as needed

## Qualifications

- Three (3) years of experience in wood products OR Three (3) more of industrial maintenance experience within a manufacturing, production, or military environment.
- Experience using a Computerized Maintenance Management System (CMMS)
- Experience with blueprint reading and precision measurements
- Experience troubleshooting issues with bearings, chains, sprockets, gearboxes, and conveyors
- Experience troubleshooting and repairing hydraulics & pneumatic systems and reading hydraulic schematics
- Experience with welding and operating a pipe machine
- Understanding and know how to communicate with the crane operators using hand signals.
