To Apply:

Applicant can submit resume or email Meagan Westerfield. For assistance or more information, please contact Saketta Brown, OFTC Career Services, sdbrown@oftc.edu.

Essential Duties:

- Operates two or more production machines working from blueprints, sketches, and route sheets. Contributes to lean initiatives to increase productivity and reduce costs. Works with general guidance in a team environment.

Qualifications:

- Two years related machining experience.
- Able to read and follow blueprints, specifications, and verbal instructions.
- Has working knowledge of machine shop mathematics, may include trigonometry.
- Effectively applies lean initiatives.
- Demonstrates effective verbal, written, and interpersonal communication skills, as well as the ability to work in a team environment.
- Interprets reports and uses job specific software applications. Able to use employee self-service systems to access on-line information and use specialized automated systems (i.e., PMR, TORS, e-mail).
- Effectively demonstrates team member competencies and participates in goal setting, performance feedback, and self-development activities.
